

KIVIT Holding acquires MCL Born from Sitech manufacturing services

KIVIT is a premium multidisciplinary steel engineering company

- KIVIT designs, calculates, draws and produces, (heat exchange) equipment, piping and steel constructions in conformity with international codes as integrated in the Pressure Equipment Directive (PED).
- It is a family company with a young and agile character, resulting in quick and flexible solutions for the client
- JBR assisted the shareholders of KIVIT Holding during the entire acquisition process. The legal advisor for the shareholders of KIVIT Holding was Wintertaling

On **June 25, 2021**, KIVIT acquired MCL Apparatenbouw from Sitech

Expansion of machinery and human capital

Sector: Energy & Environment

JBR acted as M&A advisor to Kivit Holding and its shareholders

MCL Apparatenbouw

MCL Apparatenbouw is a specialist in manufacturing, replacement, modification or repair of static equipment

- MCL Apparatenbouw provides an all-round equipment service for the (petro-)chemical industry, the pharmaceutical industry and the energy sector
- It is well known by the manufacturing and repair of heat exchangers and by having a wide range of welding specialties
- Sitech was assisted in the process by Bold. For their legal advice they could count on Spreksel Advocaten

...to combine their machinery and knowledge with MCL born to anticipate on future trends and developments in the Energy sector
